*We CAN bring in the new and permanent GOLDEN AGE of BELOVED SAINT
GERMAIN*

*that is the Divine Plan for our Earth, but we need the knowledge and tools with which
to work*

in co-operation with the ANGELIC & ELEMENTAL KINGDOMS.

It is time for us ALL to realise that we have created our world and only through LOVE and GRATITUDE can we change it and bring in the perfection that it IS to become (with or without us!) Co-operation of the three kingdoms on Earth, MANKIND, ANGELIC & ELEMENTAL is essential if we are to smooth the road for the HIGHER FREQUENCIES coming in.

It is the Cosmic ‘push of the hour’ and the Light-bearers need to avail themselves to the opportunity at hand to assist our planet with the cosmic ‘In-breath’ that is already in place.

We are in the cosmic phase of the ‘In-breath’, and all planets in our solar system are moving closer to the Sun (Helios & Vesta – our Father/Mother God – the Light of the world) - out of the 49 planets in this Solar system, Earth was the ONLY one holding back the process due to the recalcitrance of Mankind. A cosmic ‘fiat’ was issued that Earth could no longer hold up the process, and a HUGE amount of energy has been expended by the Beloved Ascended Hosts to assist with awakening Mankind to the urgency of the hour. To bring back the perfection of the original first two ‘Golden Ages’, which is what we need to do in order to bring the Permanent Golden Age of Saint Germain (Chohan of the 7th Violet Ray, now predominant for the next 2000 years) and allow Earth to take its rightful place in our solar system. We need to re-learn how to work in perfect balance, love and harmony with the other two kingdoms on Earth. . .The Angelic and Elemental Kingdoms as we did when we first came to Earth millions of years ago.
